

NEW Spring Schedule

NRB Network announces new shows and schedule changes

Spring has arrived and with it comes exciting programming changes on NRB Network. Beginning Monday, April 20, 2009, viewers will notice new additions to the broadcast schedule as well as time changes for several popular shows. The changes reflect NRB Network's ongoing commitment to quality, relevant programming that reaches viewers with the right shows at the right time.

Since its inception in 2005, NRB Network has distinguished itself from other Christian stations with its signature genre block programming model. This scheduling approach has proven successful by delivering targeted viewer segments - like women, children, teens and families - at the times when they are most available to watch. To every viewer will find something new to entertain and encourage.

Morning Devotional
